MIGRANT SAYS "NOT GUILTY" OF BURGLARY

The Adams County court this morning was considering the problem posed by Robert White, Gettysburg R. 5 and Florida, a migrant laborer charged with burglary and larceny who has tuberculosis and who according to his statements in court is not guilty of the crime to which he pleaded guilty.

White was charged with burglary and larceny by Lucille Adams, according to the court records. White told the court that he was guilty because he drove a friend to Mrs. Adams home and the friend brought out a radio, clothes and other articles to the car. White said he understood at the time that the friend was moving and thought that the articles belonged to the friend. When he found out that the articles were stolen he entered the plea because "I drove him to the place." The court held that it could not accept a plea of guilty to the charge under those statements.

Sheriff Dawson Miller then told the court that White is suffering from tuberculosis according to an examination made by physicians here. He is out of one type of medicine, and since he had not been in the state long enough the health department can do little for him. The court returned him to jail to stand trial.

DEFER SENTENCE

Sentence of Jerry Reese, Gardner R. 1, on two charges of driving without a license and one charge of driving a motor vehicle without the consent of the owner was postponed until August 29 because his employer held that Reese is "a very good worker and I need him now." The employer had secured postponement of sentence for Reese last term because of need on the farm but revoked bail over the weekend when Reese planned to go to the Eastern Shore and the employer was afraid he might not come back, according to his statements to the court. Today the court set the bail at \$1,000 for appearance August 29 and the employer posted that amount. Reese also faces a charge of driving without a license in Cumberland County and recently paid a fine on another similar charge in that county.

Gerald Eugene Fogle, Gettysburg R. 5, was given a suspended sentence on a charge of driving under suspension on condition he pay \$150 for the use of the county and the costs within 60 days. He was placed on probation for six months.

A hearing on a petition for parole for Archie E. Monn, Fayetteville R. 2, in jail on charges of contributing to the delinquency of minors and corrupting the morals of minors was postponed to August 17.

JOHN C. KUNKEL HURT IN CRASH

Two men are in fair condition in the Coatesville Hospital following a car-truck accident at the intersection of Routes 10 and 41 at Cochrantville about 3:50 p.m. on Thursday.

One of the men is John C. Kunkel, 40, Biglerville R. 2, driver of a truck involved in the crash.

The other injured man is Howard Hodge, 50, Abington, and he will receive a summons for ignoring a traffic signal at the crossroads.

Hodge was the operator of a 1964 coupe which was struck broadside by the truck operated by Kunkel. The truck tore down the traffic signal after the collision, causing about \$500 damage to the light.

According to hospital officials, both men suffered concussions, multiple lacerations and contusions and possible skull fractures in the mishap. Damage to the car and truck totaled \$4,000, police said.

Greece And Turkey Land More Troops On Cyprus

NICOSIA, Cyprus (AP)—The possibility of another explosion in the simmering Cyprus dispute forced the U.N. peacekeeping force today after it reported the landing of reinforcements to both Greek and Turkish Cypriots.

Archbishop Makarios, Greek Cypriot president of Cyprus, convened an emergency session of his Cabinet Sunday to consider what a government source called "the clandestine landing of Turkish troops on Cyprus."

The source said the government expects the U.N. Security Council and the Commonwealth prime ministers' conference, now meeting in London, to help the Greek Cypriots meet the "Turkish aggression."

TO FILE APPEALS

He indicated urgent appeals would be sent to both bodies, but made no mention of the even larger landings of Greeks reported by the U.N. command. Over the past five weeks, a U.N. spokesman said Saturday,

'Frisco Faces Assorted Nuts, Press Agents, World Savers

SAN FRANCISCO (AP)—Having surveyed the gold rush, the earthquake and the Japanese beetle, this city of grace and taste is now choked with corn as high as an elephant's eye, assorted nuts, promoters, press agents, world-savers and pamphleteers, including one pushing "a positive program for responsible extremism."

While the Republican convention itself gets started today on an incoming tide of oratory and an ebb of suspense, the parade of hoopla, spontaneous and synthetic, continues in what has been called the lull before the lull.

There are all kinds of people here, even delegates, but the ones who seem to be having the most fun are the wandering bands of kids. Like streeturchins in an Italian movie, they go from one free load to another, from one hospitality suite to the next, collecting loot, punch, soda, campaign buttons and tracts with fine impartiality.

For all the noise, bands, exhibitions, for all the pickets for "Ringo (of the Beatles) for President" or those crying "Earl Warren must repent," for all the big button wearers, including those whose pins cry simply for "Help" or "Mother" or "Stop Stassen," memorable wit remains hard to come by.

However, one Goldwater delegate was overheard asking another Goldwater delegate: "What do you think of Scranton?" Answer: "Don't know. Never been there."

With all the important people here, unless you're Dwight D. Eisenhower or one of the major

Scranton Predicts Triple Victory

Gov. William Scranton, perched atop a motorized "cable car" in San Francisco, tells a crowd of boosters that he expects to win the Republican presidential nomination and follow with victory over the Democratic candidate in November and again in 1968. 28th GOP Presidential Confab Opens At Noon Today; Senator Goldwater Riding Hard For Nomination On 1st Ballot

By JACK BELL

SAN FRANCISCO (AP)—The gates swing open today on the 28th Republican convention, fenced in tightly by hard-driving supporters bent on giving Sen. Barry Goldwater a first-ballot presidential nomination.

Thundering over the opposition Pennsylvania Gov. William W. Scranton was attempting to provide, Goldwater's outsiders already had put the Arizona senator's conservative brand on the platform the convention will be asked to adopt Tuesday. And Goldwater promptly rejected a challenge by Scranton for a debate before the convention.

BARRY HAS 740

Goldwater moved into the convention's opening day with 740 first-ballot votes credited to him in an Associated Press poll—85 more than the 655 needed for nomination if they remain in his column. This total includes 303 delegates who favor him but are not officially bound. The survey credited Scranton with 169 votes, none of them bound to him.

OPEN AT NOON

Scranton, out-gunned at every turn, tried to rally his tattered forces for a last-ditch effort Tuesday to revive in a convention floor fight some of the proposals shot down within the

Goldwater-dominated platform committee.

At the cavernous Cow Palace, National Chairman William E. Miller, a leading candidate for the vice presidential nomination, was scheduled to bang the gavel at noon. Opening session greetings were to follow, along with the election of Gov. Mark O. Hatfield of Oregon as temporary chairman.

Probing for an opening in the encircling Goldwater forces, Scranton fired off a letter Sunday night challenging the Arizona senator to an unprecedented debate before the convention. Goldwater rejected this proposal as ridiculous and returned the letter unanswered.

Scranton said the issue is whether the convention will choose "the candidate overwhelmingly favored by the Republican voters, or will it choose you?" The Pennsylvania governor has cited polls which show

HARRY A. LEAR JAILED HERE ON SATURDAY

Harry A. Lear, 41, of 213 Chambersburg St., was jailed at 7:35 o'clock Saturday evening on an assault and battery charge. Borough police apparently arrived on the scene moments after the alleged assault occurred.

According to the borough police call sheet, the officers were first summoned to Lear's home at 6:45 o'clock Saturday evening when neighbors complained that Lear was shooting a gun.

A policeman went to the scene and found Lear sitting on his porch. He denied that he had been shooting and when police asked him to come out on the sidewalk for further interrogation he refused.

The officer then left the scene to confer with Sgt. Daniel Miller to determine whether any further questioning should be conducted.

RELEASED SUNDAY

When the officers returned to Lear's home Lear was on the sidewalk and, according to the report, had just struck Joseph E. Halsley, S. Washington St., who was enroute to visiting Lear's neighbor. The police took Lear before Justice of the Peace Robert P. Snyder accompanied by Halsley who filed an assault and battery charge against him.

Police then removed Lear to the county jail where he remained until Sunday afternoon when he posted bail before Justice Snyder to appear for a hearing Wednesday.

BULLETIN

JACKSON, Miss. (AP)—An autopsy at the University Medical Center on the lower half of a body may yield a clue today in the case of three missing civil rights workers. A fisherman found the decomposed lower torso, its feet bound with rope, Sunday in Old River where it cuts away from the Mississippi about 125 miles south of Tallulah, La.

Tallulah is 125 miles southwest of Philadelphia, Miss., where three civil rights workers disappeared June 21 shortly after their release from jail on a speeding violation. The condition of the body made it impossible to tell the sex or race.

Communist Seige Broken In Fierce Delta Fighting

SAIGON, South Viet Nam (AP)—Vietnamese government forces drove off a Communist siege over the weekend in the most violent action in the Mekong Delta in several weeks. Both sides suffered heavy casualties.

No American advisers were involved in the clash over the mud-walled fort at Vinh Cheo, 100 miles south of Saigon. Using the 56 militiamen garrisoning the fort as bait, the Communist guerrillas lured four Civil Guard companies to the outpost and opened fire from ambush.

The badly mauled Civil Guard forces were withdrawn Saturday night. Four regular Vietnamese battalions lifted the

MORE THAN 2 INCHES OF RAIN FALLS IN AREA

More rain fell during the night than in any other day so far this year according to the U.S. Weather Bureau rain gauge atop The Gettysburg Times plant.

Slightly over 2 1/2 inches, 2.55 inches, were registered in the gauge this morning as a result of the rain that began about 7:30 o'clock Sunday night and continued on into this morning.

The amount was more than twice the entire rainfall in June, when 1.08 inches was recorded and it was far beyond the three-fourths of an inch that fell throughout the entire month of May.

The only other large rainfall so far this year occurred February 7 when 1.10 inches fell.

Despite the fine rain during the night the area is still short of rainfall, with the records showing the town was 2.75 inches below normal in rainfall as of June 30.

FILLS STREAMS

One result of the night's rain was that streams throughout the area, almost dry as a result of the drought conditions of the last several months, this morning were reported as having "more water than has been seen for a long spell."

The rain brought hope to farmers faced with drought wracked corn fields. As late as last week some farmers were replanting corn fields with 90-day maturing varieties in a race against the first frost, and with the night's rain it was believed that not only would the replanted acres produce, but many fields that up to now appeared almost hopeless, will now provide a fair stand.

The race against the first frost has two potentialities for the farmer — he may get corn, or he may only get corn high enough to cut for silage, but either way it will be better than the drought stricken fields he had been contemplating. County Agent Thomas Piper said this morning that the rainfall also gives "hope" for alfalfa yields. Hay was short on second cutting as a result of the drought. Piper said, but added that many farmers have as much hay now as they did last year — which, however, was also a drought year.

John Wetzel reported 3.58 inches of rain at Orrtanna. Roads there were badly washed at places, he said.

Arrangements were for the exhibit and courses by the national soil conservation office at Washington, which in turn asked Ira McKiver, Pennsylvania State Soil Conservation, to select the men to conduct the program.

The thousands of Boy Scouts encamped for the Jamboree will all attend a 90-minute course at the conservation exhibit at which Rakestraw and the other four instructors will outline ten phases of conservation work. Rakestraw will be at the Jamboree until July 24 and then return to resume his duties in Adams County.

NAB ESCAPEE AND WIFE IN STOLEN AUTO

An escapee from the Maryland State Correctional Institution at Jessups, Md., was taken into custody by state police from the local barracks Sunday afternoon at 2 o'clock when they stopped an auto on the Idaville-York Springs Rd.

After Trooper Clifford Lightner stopped the car, interrogation revealed that a passenger, Robert Leroy Smallwood, 31, had escaped from the penitentiary after serving nine months of a three-year sentence on grand larceny and breaking and entering charges.

The questioning of Smallwood, and the driver of the car, his wife, Juniata E. Smallwood, 19, also of Baltimore, revealed that the vehicle had been stolen from the Thompson Motors, Inc., of Easton, Md., on July 6.

Police said Smallwood escaped from the prison, stole the car, went to Baltimore to get his wife and then came to Pennsylvania.

The officers brought charges of larceny of the vehicle, crossing the state line in a stolen vehicle and escape before Justice of the Peace John Whitman and held both Smallwood and his wife, as an accessory to the theft of the car, in the county jail here for the arrival of Maryland state officials.

At the jail this morning Sheriff Dawson Miller said he had received word that the Maryland officers will be here later today to remove Mr. and Mrs. Smallwood to Maryland.

Borough police said Ellen Little, 21, of Texas, was backing out of a parking lot and the rear of her car struck the left rear fender of the Steimour Station Wagon on Water St. There was no damage reported to the Texas car.

Saturday morning at 11:10 police were notified that a small panel truck had sideswiped the car of Dr. David C. Stoner while his auto was parked near his office on W. Middle St. The operator of the panel truck continued on without stopping. No estimates of damage were listed in the police report.

Eastern League

By THE ASSOCIATED PRESS

A sacrifice fly in the 10th inning brought in the winning run for the Charleston Indians Sunday, as they edged the Williamsport Mets, 2-1, in the only Eastern League game played.

Reading and Elmira were postponed because of rain and Springfield and York were not scheduled.

Johnny Parker hit the sacrifice fly for the Indians, scoring Jack Hernandez, who had opened the extra inning with a single. Winning pitcher Art Seifert, now 7-6 on the season, had singled him to second and Chico Cardenas put him on third with a bunt sacrifice.

Ron Swoboda had knocked in the Mets' first tally, in the opening frame off starter and loser Carl Nelson (4-3).

The Indians had come back to tie it in the ninth when Jerry Kelly walked to open the inning, went to second on a ground out and scored on a single by John Butler.

The annual Eastern League all-star game replaces all regular scheduled games tonight.

DIVERSION TIDES

I suppose that there are a few—perhaps many—who wish to remain in about the same mould all through life. But such people have to be content with letting the world go right by their doors!

Changing things around every once in a while is one of the finest of occupations. It also provides diversion, removes a number of superfluous wrinkles from the face, gives quickness to the step, and aids digestion!

The traveler is usually a person of quite some distinction. Seeing so much that is important, he doesn't have much time to grow conceited. The enlarged world increases his horizon. Just so with that one who meets many people of all sorts and who welcomes their ideas and conversation. All the time he is remodeling his own mind and putting it in tune with the times, and with all history.

Everyone in a household takes upon oneself new life and interest when the old structure gives way to the new. An associate in college once told me that a certain book had changed the entire course of his life. It remodelled his mind.

A friend of mine once took his first real vacation in a long, long time. He told me that for days he didn't know what to do with himself. He was like the fish out of water. But soon he took on new interests and diversions. He got as far away from his usual life as he could. Six weeks later he returned to his home and to business. His very thoughts had changed. His friends hardly knew him. He even remarked that he hardly knew himself!

It is interesting to study those pictures in the home magazines showing how an old barn or house has been remodelled and put to new use. They prove what a little change and a little thought will do when put right to work.

Life is too interesting a proposition to waste in too much sleep, with no changing tides of diversion to give it color!

Just Folks

THE LITTLE STREETS
Accidents will happen, but still many of them shouldn't.

With just a little thought and care 'tis certain that they wouldn't. The streets are made for traffic, but what motorist can say He doesn't know the little streets are where the children play?

'Tis hard to teach a tiny tot who has no ground to play on That when his ball rolls in the street the curbing he must stay on; And yet it harder seems to be to teach some drivers wild That they must watch the little streets or they may kill a child.

Sometimes the youngsters are to blame. They're thoughtless and they're careful.

But it's a grown-up's duty while he's driving to be careful. And every driver of a car unto himself should say: "The little residential streets are where the children play!"

I've little patience with the man who down some road goes humming And leaves it to the children to know just how fast he's coming. I think the task of watchfulness the grown-ups ought to bear, And when they drive the little streets, look out for children there.

SEVENTY-FIVE YEARS AGO
Is 1787 The Year in Which Gettysburg Was Laid Out? When was Gettysburg laid out? These several statements are in print: I. Smull's Legislative Hand Book, which ought to be good authority but in this case is not, says, and has said for several years, that it was laid out in 1780. II. There has been a general impression among our citizens that it was about 1783 or 1784. III. Bacheider in his book on Gettysburg fixes the date as January 10, 1786. IV. In one of my letters of 1876: Letter XII, dated May 24, I expressed the opinion, reasoning from a statement then presumed to be correct, now known to be incorrect, that it was laid out between 1790 and 1793. V. James Gettys, son of the founder, wrote from Athens, Tennessee, May 2, 1876 that he thought it must have been laid off into a town "near 1790." I now think that all these dates are incorrect and that the true date is the spring of 1787. I was misled in 1876 as to the date then given by a statement, found on a memorandum, that the lands of Samuel Gettys,

father of the founder, were not sold till after his death, which occurred in 1790. But I have since found incontrovertible evidence that they were sold prior to his death, part of them in 1786 and part in 1787. Samuel Gettys, the father was possessed of 783 of 400 acres of land in Cumberland township, 100 acres in Straban, and a small tract in Mountjoy. But he was heavily in debt. Judgments were entered against him and executions were issued against his land. A third part of the 400 acre tract unsold were sold, with the Straban and Mountjoy land to James Gettys, in April Term, 1787 for \$964 10s. Of this \$790 were for the farm subsequently laid out in town lots. E. McP.

APARICIO IS LEADING WAY FOR ORIOLES

By MURRAY CHASS
Associated Press Sports Writer
Fleet Luis Aparicio, the major leagues' biggest thief, has branched out. He's now committing crimes in more ways than ever before.

Aparicio did just about everything but grab the ball and run away with it Sunday as the American League leading Baltimore Orioles split a double-header with Detroit. The Orioles won the opener 4-2, then dropped the nightcap 4-3 in 10 innings.

The sizzling shortstop rapped five hits, scored four runs and stole two bases in the games. The thefts gave him a leading total of 33 but more important put him back into the base stealing racket. They were his first since he stole three times June 14. In the meantime, he missed about two weeks with a pulled groin muscle.

LEADING STEALER
Aparicio, who has led the league in stolen bases for eight straight seasons, is a pinch to top last year's total of 40 and should eclipse his top mark of 56 recorded in 1959.

Still more important to the Orioles, Aparicio's hitting spurge boosted his average to .04, far above his .261 lifetime mark. The first hit for the 30-year-old Venezuelan in the double-header was a double in the fifth. He scored the Orioles' first run on Sam Bowens' single.

With Baltimore trailing 2-1, Aparicio opened the eighth with a single, stole second and third, then scored the tying run on an infield out. Brooks Robinson hit a winning two-run homer minutes later.

SOX TAKE TWO

In other AL games, Chicago swept Kansas City 3-1 and 11-4, Los Angeles took Minnesota 2-1 and 3-2 in 10 innings, Washington trounced Boston 10-3 after losing 5-3 and New York battled Cleveland to a 2-2 tie in a game called in the seventh because of rain.

The Tigers won the second game despite Aparicio. A walk, a single by Don Wert and a passed ball set the stage for Mike Roarke's winning two-run single over a drawn - in infield in the bottom of the 10th.

MILLER LOSES 3RD
Stu Miller, Baltimore's sace reliever, suffered his third setback in seven decisions. The loss was only the Orioles' third in 24 one-run games.

Pete Ward hit two homers and drove in six runs in Chicago's double victory. His homer in the nightcap was a grand slam, his third of the season. The hit climaxed a seven - run rally in the eighth inning that broke a 4-4 deadlock.

Dave Nicholson and Ward homered in the opener as John Buzhardt pitched a five-hitter. Nicholson was hit in the head by a Moe Drabowsky pitch in the second game but was not injured seriously.

The Angels' Bob Rodgers had his 18-game hitting streak stopped in the opener but singled home the winning run in the 10th inning of the nightcap. Shortstop Zoilo Versalles helped set up the run with a two-base throwing error on Willie Smith's grounder.

Fred Newman stopped the Twins on four hits in the first game. Jim Piersall doubled across the winning run in the ninth, handing Dick Stigman a tough loss. Stigman retired the first 15 men he faced and allowed only three hits.

Couple Injured In Collapse Of Bridge

WATERFORD, Pa. (AP)—Two persons escaped with minor injuries and another was not hurt when a steel-girder bridge collapsed Sunday and dropped 30 feet into French Creek three miles south of this Erie County town.

The injured, Joseph Donche, 34, of Union City R. D. and his wife, Beatrice, 26, occupants of a car on the bridge, were treated at a hospital for sprained ankles. The third person, Gordon Colton, 21, of Waterford R. D. 5, was the driver of a truck that was on the span.

The water was not deep enough to submerge the two vehicles.

State police, who were seeking a cause for the collapse, estimated damage to the bridge at \$35,000. It was built in 1886.

ONE KILLED, 8 INJURED WHEN TWO CARS LOCK

BOYERTOWN, Pa. (AP) — A 24-year-old Morgantown, Pa., mechanic was killed instantly and eight other persons were injured Sunday night when two stock cars locked together and crashed through a guard rail at the Grandview Speedway.

Killed was Harvey Marsh, who was pinned under one of the cars as they went through the crash.

About 4,000 spectators saw the crash, which occurred during a qualifying heat for the 25-lap feature race.

The two cars, driven by Ben Fazio, of Conshohocken, and Lee Roth, locked together and shot off the 15-foot bank on the first turn of the half mile oval dirt track and went through the rail into the pit.

DRIVER ESCAPES

Both drivers escaped injury. Harold Hartman, a track official, said the throttle stuck on Fazio's car.

The injured were either pitmen or drivers idle at the time. Fazio's car rolled over and landed on top of Marsh, another driver, Robert Brack, 25, of Quakertown R. D. 2, an Snyder, 38, of Souderton, a car owner.

Brack was listed in good condition in Pottstown Hospital, with cuts of the right foot and a possible fractured right hip. Snyder was listed in fair condition, with a broken right leg, deep groin cuts and a cut left ear.

McKinley Begins Defense Of Title

RIVER FOREST, Ill. (AP)—Top seeded Chuck McKinley opens defense of his National Clay Courts Tennis Championship today, aiming to become the first man in 26 years to capture the title three years in succession.

Not since Bobby Riggs accomplished the feat from 1936 through 1938 has a man won the

seventh on Russ Nixon's sacrifice fly and Felix Mantilla's two-run homer.

Jim King's three - run homer in the second helped launch Washington to the second-game victory. The Senators added three in the sixth on Ed Bresoud's two-run error and a single by winner Al Koch.

Roger Maris and Joe Pepitone homered for the Yankees while Loen Wagner connected for the Indians in their shortened

TOTEM POLE TO STAGE COMEDY

"George Washington Slept Here," written by the comedy writing team of George S. Kaufman and Moss Hart, will be the feature at the Totem Pole next week.

The play depicts the wild episodes of a couple who buy a place in the country where George Washington once slept. The city folk are not prepared for all the problems in making a waterless, windowless and almost roofless house in the country into a home, but these bring on the humor and the laughs in the comedy.

Producer-director William Puteh has cast Arden Kiser and Jean Stapleton as the city folk turning country folk. Jonathan Troy appears as Mr. Kimber, the handy man. Karen Johnson will play the daughter, and Tom McKenna will take the part of her boy friend from the city. D. F. Gilliam, who played in last week's production of "Picnic," plays the role of an actor from a nearby summer theater. Brent Sargent returns to the Totem Pole stage as the rich Uncle Stanley.

Don J. Remacle will design the early American house and Betty Knepper will supply the decor.

The play will be shown nightly through Saturday at 8:30 p.m. with a matinee Wednesday at 2:30 p.m.

UNIQUE GOLF MATCH WON BY MILLER BARBER

By WILL GRIMLEY
Associated Press Sports Writer

NEW ROCHELLE, N.Y. (AP)—The pro golfer tourists shake the arithmetic out of their brains and move into Columbus today for the PGA Championship but they'll leave behind their latest tournament winner, Miller Barber.

The paunchy, 32-year-old Texarkana, Ark., pro, who beat out National Open champion Ken Venturi for the \$5,000 first prize in the Wykagyl Round Robin, isn't eligible for the pros' private tee party, starting Thursday.

TWO WEEKS SHY

He is two weeks shy in completing the five-year apprenticeship. "I'll get a crack at them next year," said Barber, celebrating his biggest tournament triumph. The bespectacled former assistant pro, on the tour less than two years, staged a rally to over take the front - running Venturi in the 90-hole, four-day mathematical monstrosity played over the Wykagyl Country Club course.

Barber wound up with a total of 31 plus points—one better than Venturi. In this unique event, every player opposes each of the others in the field on a head-to-head, match play basis over a period of four days. Points are awarded for holes won and subtracted for holes lost. Medal scores, the determining factor in most other tournaments mean nothing.

singles title three straight years.

The week-long tournament has attracted a field of 128 men and 64 women and will serve somewhat as a testing ground for the Davis Cup Challenge Round to be played on composition courts in Cleveland Sept. 24-26.

Mrs. Rockwell To Be Buried On Saturday

WARREN, Pa. (AP)—Funeral services will be held Wednesday at Trinity Memorial Episcopal Church for Mrs. Helen Pendleton Rockwell, daughter of a former Marine Corps commandant, who died Saturday.

Mrs. Rockwell, 78, was the widow of Albert Rockwell, a Warren industrialist who died in 1951. Her father, the late Gen. Joseph Pendleton, was commandant of the Marine Corps before World War II. The big Marine base at San Diego, Calif., is named after him.

Mrs. Rockwell was active in social and civic work. She also was a noted bridge player and had authored two cook books.

She was a native of Annapolis, Md., and lived in Warren 44 years.

Two grandchildren and three great grandchildren survive.

Wants Wallace To Abandon Efforts

SAN FRANCISCO (AP)—Sen. Barry Goldwater of Arizona suggested Sunday that George Wallace, Democratic governor of Alabama, abandon his efforts to garner presidential electors in various states, chiefly in the South.

"I would hope that he would withdraw," Goldwater told a caucus of Florida delegates to the Republican National Convention.

Goldwater said that Wallace "would take votes from someone" and conceded that both he

M. THOREZ, 64, DIES WHILE ON RUSSIAN TRIP

By RODNEY ANGOVE
PARIS (AP)—Thousands of followers today filed past the bier of French Communist leader Maurice Thorez, 64.

Thorez, head of the French party for 34 years, died Saturday aboard a Soviet ship crossing the Black Sea to Yalta, where he was to be treated for a chronic heart condition.

The body was landed at Varna, Bulgaria, where Communist officials said after a post-mortem that Thorez had died of a heart attack.

BODY RETURNED

Thorez' widow, Jeanette Vermeersch, also a party leader, was with him when he died. A Soviet plane Sunday brought her and the body to Paris, where they were met by a large crowd and three of Thorez' sons.

The body was taken to lie in state today and Tuesday in the City Hall of Ivry-sur-Seine, a workers' suburb with a Communist city government. Thorez represented the district in the National Assembly. The body will be moved Wednesday to party headquarters in the center of Paris, and the funeral will be Thursday.

Soviet Premier Khrushchev, in a cable to Mrs. Thorez, saluted her husband as "an outstanding figure of the French and international Communist and workers' movement, a true friend of the Soviet Union, our brother-in-arms in the great struggle for the liberation of mankind."

FOUNDER OF PARTY

A coal miner at 12, Thorez at 20 was a founder of the French Communist party. He became regional party director in 1923 and national secretary-general in 1930.

In 1934 he was instrumental in organizing the Socialist-Communist Popular Front against Fascism. When World War II broke out in 1939, he fled to the Soviet Union and was convicted in absentia of desertion. He was given amnesty later.

President Charles de Gaulle made Thorez minister of state in 1945, and he held several Cabinet posts until 1947, when the Communists were expelled from the government.

Easton Plans Pedestrian Mall In Downtown; Traffic To Be Banned

(Editor's note: Easton is considering a pedestrian mall for its downtown area, with motor traffic banned for the most part.)

By S. PARNELL LEWIS
Easton Express

EASTON, Pa. (AP)—A "partial pedestrian mall" is proposed for the Centre Square area by the Downtown Revitalization Committee.

It would ban vehicular traffic from most of the area to make for pleasant shopping. Vehicular access would be given, however, by one-way streets through the northeast and southwest quadrants of the square.

The proposal covers three blocks east of Centre Square, three blocks west, three blocks south and two blocks north.

The plan must be approved by the city's planning commission and city council before it can be activated.

NEW THROUGH ROAD

It calls for a new through road connecting the Lehigh and Delaware River bridges and the construction of three high-rise apartments along this three-block roadway.

Buildings would be demolished for extra parking lots a half-block south of Centre Square and to the east and west of the north-south thoroughfare.

New warehouse buildings are proposed in the Lehigh River bridge area "town house" apartments two blocks west of Centre Square, new business buildings a block and a half to the east of the square and in the area for a block bordering the northeast section of the square. Parking lots also are proposed

a block north of the square and a block east of that site.

In all, 10 new parking lots are advocated.

The plan suggests a pattern of major through routes surrounding the city, a circulating street system around the downtown and new connections between these circulatory routes including a new high-level bridge across the Lehigh River, three blocks south of the square.

The proposal also includes a new connection between the Lehigh Bridge and Route 611 which connects with the Pocomos. It calls for an extension connecting the southern part of the downtown with the western part of the city to take advantage of alternate Route 22. It also suggests an eastward extension of a street leading off the 13th Street exit of the Lehigh Valley Throughway to connect with the northern section of the downtown area.

FINANCING

It is indicated the extensive improvements can be financed through improvements in the city tax base the program will bring—plus the use of federal redevelopment credits obtained by the city and participation of downtown merchants and property owners through a development corporation that is contemplated.

The joint planning commission counties prepared the report for city council, the city planning commission and the Easton Redevelopment Authority. It put a 20-year limit on reaching the objectives.

It listed the following goals:

1. Ease traffic congestion by

separating commuter traffic from shopper traffic;

2. Establish adequate parking for shoppers and downtown employees;

3. Redesign the Centre Square area for easy and pleasant pedestrian circulation;

4. Focus the commercial core around Centre Square and eliminate the present sprawl of commercial uses;

5. Encourage residential and other non-commercial uses in the fringe of the central business district.

EASY ACCESS

The program says the shopper traffic plan's objective is "to give shoppers easy access to the core and ample parking near the stores while making it easy and pleasant for comparison shoppers to walk from store to store."

The "shopper loop" calls for a one-way street around the square is reduced by area. Vehicular access to the mall is provided by two one-way streets which link up the "shopper loop" around the core. Bus stops will be provided in the heart of the core.

Provisions for a civic center area are proposed with the Easton library, three blocks west of the square, serving as a hub. Plans call for a civic auditorium, historical and art museums and skating rinks in that district.

The report also urges earmarking the fringe sections of the core for wholesale and dis-

Pa. National Guard Begins '64 Training

FREDERICKSBURG, Va., (AP)—The 11,000-man 28th Infantry Division, Pennsylvania Army National Guard, begins its first full week of summer training today at two Virginia camp sites.

All training will be conducted under simulated combat conditions, with infantry units operating from Camp A. P. Hill, near Blackstone.

The division arrived at its training sites Sunday for the annual two-week encampment. Maj. Gen. Henry K. Fluck, division commander, told a commanders' meeting he was pleased that the 1,600-vehicle military convoy arrived in Virginia without serious incident.

tribution activities, professional office facilities and light manufacturing plants.

"STAGING SECTION"

The "staging section" of the plan proposes action begin immediately for completion by 1970. The report says completion of these proposals "will increase property valuations by \$9.5 million." This could produce an income of \$84,000 "at the current tax rate."

The "staging section" calls for creating the high-rise apartment area, through-traffic link, "shopper loop," shopper parking, "modified mall" and redevelopment wholesale and distribution uses.

Other proposed parts of the plan are to be initiated after 1970. They will, the report says, "yield an estimated \$82.7 million tax value increase."

A Lovelier You

By MARY SUE MILLER
LAZY GIRL'S HIP REDUCER.

Hips have a way of spreading in summer, when the sitting is easy. We girls laze whenever we get the chance. We likewise

shed our girdles. Unexercised and ungirdled, hips get out of control before you know it.

Gains are very sneaky. You are scarcely aware of an increase until it becomes formidable, until a half-inch multiplies into two inches. Left unchecked, hips that have begun to expand at this date easily could pass the two-inch mark by September. Then trimming would be a long grind.

Better play it safe and keep those hip measurements in bounds. The following routines will do it

for you, and they are so effortless that a real lazy-bones could not find them taxing.

1. Stand tall, with legs together and weight on the balls of the feet. Keeping the knees slightly flexed, contract the buttocks—pull muscles together hard—and hold for five slow counts. Relax and repeat 10 times.

2. Sit erect on the edge of a hard-surfaced chair or stool, with feet pressed flat on the floor. Contract the buttocks as in exercise No. 1.

3. Back down on the floor, stretch arms out at shoulder level and raise legs straight up. Leading with the legs, rock gently from side to side—just enough to massage the high hips against the floor, 20 counts.

HIP REDUCING ROUTINES

You can diet until you become feather-light and still be hip-heavy. Reduction in the hips is assured only by exercise. For a set of quick and effective ones, send for my leaflet, HIP REDUCING ROUTINES. Write Mary Sue Miller, Box 158, The Gettysburg Times, Dundee, Ill., enclosing a stamped, self-addressed envelope and five cents in coin to cover handling.

Durocher May Wed Actress

MIDDLEBURY, Vt. (AP)—Leo Durocher, 57, still may have a chance to marry the 26-year-old actress-secretary he says he loves and asked to be his wife.

Miss Carolyn Morin, an attractive brunette, said Friday, "If the offer is still open, I might reconsider. He's a wonderful guy, you know."

Her indication of willingness to marry the Los Angeles Dodger baseball coach came during testimony in her father's \$150,000 alienation of affections suit against Durocher.

Rene Morin, 51, a Middlebury bricklayer, says Durocher stole the love of his wife, Anna, 51, mother of Carolyn and two other daughters.

Miss Morin told the jury that Durocher had proposed marriage in 1961, but that she had refused.

Defected Hungarian Is Member Of U.S. Olympic Team; Going To Tokyo

By JACK HAND
Associated Press Sports Writer
NEW YORK (AP)—When Hungary's Olympic team disbanded at Melbourne in 1956, Bob Zimonyi decided to defect. Instead of going home to Budapest, the coxswain decided to try his luck in America.

Zimonyi, a wisp of a man at 46 will go to the Tokyo Olympics in October as a proud member of the United States team.

"After the revolution in Hungary, sports did not seem to be so important in my native land," said Zimonyi after the Vesper Boat Club of Philadelphia, with Zimonyi as coxswain, won Saturday's Olympic Trials. He just had taken his third ducking, once for tradition and twice for the television cameras.

HAD FEW CLOTHES

"When I left Hungary I had only what I wore on my back," he said. "My mother and father are dead. My sister is visiting me now. If I ever go back to Hungary it will be just for a visit. I am very glad we made it for the boys and for myself. Now I will compete on the Olympic team of my new country. For I am an American citizen now."

Zimonyi is typical of the Vesper crew, first club eight to represent the U.S. in the Olympics since the Vespers won in 1900 and 1904. College rowers have dominated every Olympics since 1920, never losing until Navy bowed to Germany's Ratzburg crew in 1960.

FATHER OF SIX

Two undergraduates at LaSalle College, two Yale graduates, a 34-year-old businessman who is father of six children, and three service officers make up the Vesper eight, coached by Allen Rosenberg, a Philadelphia lawyer, with help from Dietrich Rose of the Ratzburg crew.

The crew defied all the rules that say a crew must row together for years to weld itself into a unit. The Vesper boat was made up four weeks ago. The Vesper boat broke last, caught Harvard at the 800-meter

LOCAL CHILDREN INTERVIEW IKE

NEW YORK (AP)—Republicans at the National Convention in San Francisco aren't the only ones posing puzzling questions to former president Dwight D. Eisenhower.

Eisenhower was interviewed by a group of Gettysburg, Pa., elementary school children and the taped program was presented nationally Sunday on the ABC-TV program, "Discovery '64."

In answer to questions, Eisenhower said his hardest decision was "to decide to run for the presidency," the most important, "the decision to attack across the English Channel on D-Day" in World War II; the best, "when I met my wife and married her."

Eisenhower was asked to name his favorite foods and he answered: "A combination of Southern foods and Pennsylvania Dutch foods . . . scrapple, good sausage and hominy grits."

The thing to do is lean over to a friend and whisper, "I must get in touch with my people immediately." Do that and you'll be drowned under reporters, blinded by camera lights and choked to death with television.

Another way is to undress in public. One healthy young blonde drew off the mob in front of the Mark Hopkins Hotel by appearing in a blouse cut down to her waist. On one side of her striking superstructure she wore a Goldwater button; on the other, a Scranton button but nothing for the middle of the roaders.

RICH RACES SATURDAY FOR 3-YEAR-OLDS

By ORLO ROBERTSON
The older horses move back into the racing spotlight Saturday after a weekend which saw four 3-year-olds enhance their chances of receiving title consideration when the laurels are handed out at the end of the year.

Richest race on Saturday's calendar is the \$140,000 plus Hollywood Gold Cup over 1 1/4 miles at Hollywood Park. But of chief interest is the 1 1/4 miles of the \$100,000-added Monmouth Handicap at Monmouth Park with Kelso and Mongo due to hook up for the first time since Mongo edged the four-time Horse of the Year in the Washington D.C. International at Laurel, Md., last Nov. 11.

Also on the program are the \$40,000-added Equipse Mile at Arlington Park; the \$30,000-added New Castle Handicap, first of Delaware Park's Distaff Big Three series and the \$25,000 added Tidal Handicap at Aqueduct.

WAIT FOR WEIGHTS

The field for the Monmouth Handicap will not be known until after the weights are announced today. But Mongo is on the grounds and Kelso and Olden Times are expected to be shipped from New York.

Miss Cavandish, who came from far back to take the \$58,250 Monmouth Oaks last Saturday by one length over Castle Forbes and pay \$5.60, is expected to make her next start in the Delaware Oaks July 25. Quadrangle showed he is ready to dispute the 3-year-old championship with Northern Dancer by letting Malicious set most of the pace in the \$81,800 Dwyer Handicap at Aqueduct and then winning by a neck.

Dandy K, far back in the Kentucky Derby, put in a strong claim for the midwest 3-year-old championship by winning the \$33,950 Laurance Armour Handicap on the turf at Arlington Park.

With Santa Anita Derby winner Hill Rise still in the East awaiting for another clash with Quadrangle and Northern Dancer in the Travers, Real Good Deal wrapped up the West Coast title. He set all the pace in taking the \$116,100 Hollywood Derby at Hollywood Park as Close By's winning streak was stopped at three straight.

Shover was a long-time employee of the Motor Freight Express and recently worked as a clerk for the state Labor and Industry Department. He was a member of St. John's Lutheran Church, Steelton, and the Hanover Moose Lodge.

Surviving are his widow, one son, three grandchildren and two brothers.

Friends may call at the funeral home this evening after 7 o'clock.

FATALLY HURT IN ACCIDENT

Funeral services for Ralph LeRoy Baumgardner, 22, Westminster R. 1, son of Dale and Mary Bowers Baumgardner, Harney, who was fatally injured in an automobile accident near Silver Run Saturday morning, were held today from Little's Funeral Home, Littlestown. Rev. Warren M. Eshbach, pastor of the Piney Creek Church of the Brethren, near Taneytown, officiated.

Interment was in the cemetery adjoining the church. Pallbearers were Calvin Blank, Robert Blank, Arlo Stull and Nevaeh Ecker.

Baumgardner was driving on Route 140 when his car crossed the center line and hit a tractor-trailer. Police said the Baumgardner car, which was traveling south, continued for another 200 feet after hitting the truck and turned over several times throwing Baumgardner out of the car. He suffered a fractured skull, a broken leg and multiple cuts and abrasions. He died in the Carroll County General Hospital two hours after the accident which occurred at 12:40 a.m.

Among his survivors is his maternal grandmother, Mrs. Birnie Bowers, Littlestown.

28th GOP

Among these, he said, was "refusal to stand for law and order in maintaining racial peace" and being afraid to forthrightly condemn right wing extremists."

Taunting Goldwater, he said the Arizona senator "should not fear a convention you claim to control, and I would hope we have not reached the point where you fear to face the nation."

Scranton has charged that Goldwater's strategists were treating delegates as "a flock of chickens whose necks will be wrung at will."

Goldwater canceled an appearance at a fund-raising party gala to frame his reply, sending Mrs. Goldwater to mingle with the guests without him. The wife of the senator created a stir, but Scranton and his wife were greeted with little fanfare.

Indignantly, Denison Kitchel, Goldwater's campaign manager replied in a statement that Scranton's remarks "tragically reflect upon the character of the Republican party and every delegate to this convention."

"Perhaps on consideration," he added, "the governor will recognize the intemperate nature of his remarks."

Former President Dwight D. Eisenhower scheduled an afternoon news conference. But Scranton apparently could hope for no reinforcements from that quarter. Arriving by train, the general said that neither publicly or privately would he express a preference for the presidential candidate.

Appearing as a television commentator for ABC, Eisenhower said he may have made a mistake in announcing 14 months ago that he was not going to express such a preference.

In obvious reference to previous remarks indicating he thinks Goldwater will head the ticket, Eisenhower added:

"And if we have made a mistake or any of us think we have made a mistake in the particular nominee we have set up to lead us during the next campaign, we have got to live with that mistake and we will be true to our party."

POW-WOW ENDS AS RAINS COME

TOWANDA, Pa. (AP)—A three-day inter-tribal gathering of some 40 braves ended abruptly when a rain dance proved too effective.

The Indians put on a rain dance near this Northeastern Pennsylvania community Sunday. Five minutes after the dance, the drought-stricken area was drenched from a downpour and some 3,000 spectators ran for cover.

The dance was part of the three-day ceremonies at nearby Wyalusing Rocks. The pow-wow was sponsored by the Indian League of the Americas.

Earlier the attending American and Canadian Indians had demonstrated crafts for the crowd, performed different dances and sang Indian songs.

The Winnebago, Iroquois, Onondaga, Mohawk and Seneca Tribes were represented.

PROBE SHOOTING

Borough police were summoned by Roy Goldsmith Sunday evening at 6:25 to the Rec Park Diner where they found someone had shot through a plate glass window, apparently with a .22 calibre shell. Goldsmith also reported to police at that time that three wheels and tires and a radiator had been stolen from the car of one of Goldsmith's employees while it was parked in Goldsmith's lot.

The diversity extends to gender and race too. In 1900 a woman was selected for the first time to be a full delegate, and ever since the female influence has increased steadily. In 1956, 287 women served as full delegates and 391 as alternates at the Democratic national convention.

Negroes have been included in southern delegations to Republican conventions ever since the Civil War. Over the years

their numbers at the conventions of both parties have swelled. In 1952, 43 Negro delegates and alternates attended the Democratic convention, while 82 took part in the Republican nominating process.

Labor unions too have been represented in recent years. Nearly 10 per cent of the Democratic delegates and about 2 per cent of the Republican delegates in 1948 were union members.

Mechanic In Stock Car Killed In Freak Mishap

By THE ASSOCIATED PRESS
The death of a mechanic in a freak stock car racing accident at the Grandview Speedway Sunday was one of 17 accidental deaths in Pennsylvania this weekend.

Traffic accidents killed 11 persons. Two others drowned. The tabulating period began at 6 p.m. Friday and ended at midnight Sunday.

The victims included:

Pittsburgh—Joseph Paonessa, 5, Pittsburgh, struck by a car Saturday night and died early Sunday.

Pottstown—Lawrence Bertolotto, 15, of Schuylkill County, killed Sunday when a tractor he was driving went over a six-foot embankment and overturned on him.

SKIDS ON TRACKS

Philadelphia — Louis J. Schwartz, 25, of Philadelphia, killed Sunday when the car in which he was riding skidded on trolley tracks, struck a post and overturned.

SLAYING OF NEGRO BEING PROBED BY FBI

By JOE ZELLNER
COLBERT, Ga. (AP)—FBI and Georgia state agents today pushed an intensive investigation into the mysterious shotgun slaying of a Washington Negro educator.

J. J. Casper, assistant director to the FBI, would say only that the investigation is continuing. "I'm in no position to make any comment," he said.

State investigators fanned out Sunday along the route taken through northeast Georgia by Lemuel Penn, 49, director of Washington's vocational high schools, when he was shot at the wheel of his car early Saturday by a night-riding gunman.

Residents along the rural route said agents of the Georgia Bureau of Investigation moved from house to house in their questioning Sunday. Public Safety Director Lowell Conner said there were no arrests and that he had nothing to report.

IN ARMY

Penn, a lieutenant colonel in the Army Reserve, was killed by a shotgun blast fired from a car which passed his automobile from the rear about 10 miles northeast of Colbert. Two other Negro officers riding with Penn escaped injury. The three men had completed a refresher course at Ft. Benning.

The only investigator talking was Madison County Sheriff Dewey Seagraves, who said he was getting nowhere.

"They are not either," Seagraves said, referring to the FBI.

Towanda—Mrs. Nadia Beaver, 40, Millport, killed Sunday in a two-car collision on Route 6 near West Burlington.

Holidaysburg — Lawrence E. Woolley, 50, of Altoona, and his daughter, Susan, 10, killed Sunday night in the collision of a car and tractor-trailer near Holidaysburg.

Boyertown — Harvey Marsh of Morgantown, Pa., a mechanic killed Sunday night when two stock cars locked together and crashed through a fence at the Grandview Speedway.

Dushore—Alfred Strack, 19, of the Bronx, N.Y., drowned Friday night in a farm pond in Muncy Valley R.D. 1 while fishing.

McKeesport — John Tieseski, 58, of McKeesport, killed Friday night when struck by a Baltimore & Ohio freight train.

Philadelphia — James Hughes, 86, killed by a car near his home Friday night.

Orwigsburg — Joseph J. O'Toole, 39, of Port Clinton, killed Friday night when his car struck a utility pole.

Erie—Paul Babo, 21, of Erie, injured fatally Saturday when his car crashed into a power pole.

Philadelphia — John Walton, Jr., 14, accidentally strangled himself Saturday in a greenhouse behind his home in suburban Rydal.

Jersey Shore — Rosalind Marsh, 2, drowned Saturday in a portable swimming pool in the backyard of her home.

Rome — Ethel Saxton, 65, of Endicott, N.Y., killed Saturday when the car in which she was riding crashed into a tree on a rural road near Rome, Bradford County.

Allentown—Fred S. Clark, Jr., 27, of R. 4, Bethlehem, killed Saturday in a two-car crash on Route 309, about eight miles east of Allentown.

Shrewsbury — Norman E. Seitz, 29, of White Hall, Md., killed Saturday in the crash of a bus and a car on a rural road near this York County community.

Wilkes-Barre—Carl Pekol, 19, Wilkes-Barre Township, died Saturday night in Wilkes-Barre's Mercy Hospital of injuries suffered Friday evening when his car slammed into a tree in Mountaintop, Luzerne County.

Hibshman, 91, Bank President, Expires

EPHRATA, Pa. (AP) — J. Harry Hibshman, president of the Ephrata National Bank for the past 34 years, died Saturday at his home. He was 91.

Hibshman had been with the bank for 74 years. He was also a member of the Borough Authority and was on the school board for 41 years.

Funeral services will be held Tuesday in Ephrata.

His nearest surviving relative is a cousin, Edward K. Hibshman of State College.

Sinclair Signs New Work Agreement

KANSAS CITY (AP) — The Sinclair Company and the Oil, Chemical and Atomic Workers International Union have signed a new working agreement covering 5,500 employees, including the Sinclair refinery at Marcus Hook, Pa.

The company and the union said that the new pact includes improved pension and other fringe benefits. One of the provisions is for five weeks' vacation for 25-year employees.

The pension plans are aimed toward making 62 the eventual retirement age for Sinclair employees.

TV NETWORKS HAVE STAR MEN AT CONVENTION

By BOB THOMAS

HOLLYWOOD (AP)—Anchor men aweigh! This is the day when television networks put immense resources behind five articulate men who will interpret the Republican National Convention for the viewers.

NBC continues with Chet Huntley and David Brinkley, who have consistently won ratings and Emmies. CBS relies on Walter Cronkite, backed by a group of pundits, notably Eric Sevareid. ABC is fielding its new team of Howard K. Smith and Edward P. Morgan.

All three networks previewed the forthcoming week Sunday night. There was a sameness about the shows—all featured an empty Cow Palace with comments about the drama to take place there Monday through Thursday. There were numerous interviews with Gov. William W. Scranton of Pennsylvania, including a session on NBC's "Meet the Press."

Sen. Barry Goldwater of Arizona was not much in evidence, but he was No. 1 man in the commentaries.

ABC made good use of its star attraction, former President Dwight D. Eisenhower, who has signed on as political consultant. He was seen in an interview in his hotel headquarters with ABC news political editor William H. Lawrence and special correspondent James C. Hagerity, former White House press secretary and now an ABC executive.

Earlier in the day, ABC presented Eisenhower on "Discovery," in which he was interviewed in Gettysburg by a group of local grammar school pupils. He was at his engaging best.

He said he enjoyed the exchange with the youngsters "because most of the time I talk to people just as bald-headed and old as I am."

LOSERS 3 VOTES
Scranton also faced a problem within his own delegation. Three of the delegates formerly credited to him moved over to the un-

committed status Sunday. One of them, Blair F. Gunther, said Sunday night he would seek at a caucus today to force Scranton to release the entire 64-vote delegation.

"If he doesn't release us, we'll release ourselves," Gunther told newsmen.

GOLDWATER IS CLAIMING 740 VOTES ON 1ST

By LARRY OSIUS

SAN FRANCISCO (AP)—Sen. Barry Goldwater's lines held firm today as Republicans opened their 28th national convention, apparently determined to make him their presidential nominee.

With the nominating roll call two days away, the Arizona senator was credited with 740 votes—85 more than the 655 needed for nomination if all stick with him, according to an Associated Press survey of the 1,308 delegates. Pennsylvania's Gov. William W. Scranton was credited with 169.

1ST BALLOT LINEUP

The first-ballot lineup, based on primary commitments, convention instructions, pledges and state preferences, read this way:

| | |
|-----------------------|-----|
| Goldwater | 740 |
| Scranton | 169 |
| Nelson A. Rockefeller | 103 |
| Henry Cabot Lodge | 45 |
| Margaret Chase Smith | 18 |
| Favorite sons | 47 |
| Uncommitted | 186 |

Goldwater's votes included 303 from delegates who favor him but are not officially bound. All of Scranton's are in that category.

Most of Scranton's efforts to win the nomination for himself were aimed at the favorable but unpledged Goldwater delegates.

He gained some votes Sunday, but none of them—at least publicly—came from any supporters of Goldwater. And unless he can get Goldwater's total below 655 on the first ballot, it's all over.

PICKS UP FIVE

In Sunday's skirmishing Scranton picked up a net gain of five votes, but Goldwater had nine additional votes.

Goldwater could garner further support today when the Ohio delegation is formally released from its favorite-son pledge to Gov. James A. Rhodes. A new AP poll of the delegation shows 29 for Goldwater, 8 for Scranton and 30 uncommitted. Some of the uncommitted have indicated they will stick with Rhodes whether he releases them or not.

Much attention was focused on the 30-vote Wisconsin delegation, pledged to Rep. John W. Byrnes as a favorite son. Both Scranton and Goldwater scheduled appearances before the group today, and Byrnes indicated he would decide after ward whether to release the delegation. If he does, advance indications are that Goldwater will get more than half of the votes.

LOSERS 3 VOTES
Scranton also faced a problem within his own delegation. Three of the delegates formerly credited to him moved over to the un-

committed status Sunday. One of them, Blair F. Gunther, said Sunday night he would seek at a caucus today to force Scranton to release the entire 64-vote delegation.

"If he doesn't release us, we'll release ourselves," Gunther told newsmen.

INSTITUTIONS PLAY LARGER MARKET ROLE

By SAM DAWSON

AP Business News Analyst
NEW YORK (AP)—The institutional investor has seen his name go up in lights on the stock market marquee since the war. In the present decade and the next he may cinch this star billing by doubling the percentage of common shares he controls on the nation's stock exchanges—or from around 20 per cent now to 40 per cent. He already holds 80 per cent of the corporate bonds.

Of late the institutional manager also is playing more of a role in influencing corporate policies. This too could increase unless the number of individual investors multiplies again as fast as it did in the late 1950s, or government regulatory agencies move beyond their present stance of apparently increasing curiosity only.

The rapid growth of institutional ownership of stocks has been largely due to two things: 1. Money has been rolling into the various types of savings institutions at a faster rate than the economy itself has been growing; 2. The stock market has offered attractions neither they nor many individual investors thought they could pass up.

STOCK EXCHANGE SURVEY

As to the role the institutions will play in corporate policies, the New York Stock Exchange says in a survey of such share-ownership, out today:

"If institutional investors some day take a more active role as shareholders, the methods by which they do this will be significant in view of the increasing importance of institutions in the stock market. Institutions will probably continue to rely primarily on informal discussions in communicating their views to portfolio companies — and on sale of the stock when they are management."

The exchange notes that in 1954 institutions held about 12.7 per cent of the stock listed on it, and by 1963 held 20 per cent.

It traces most of that growth to swelling assets of these savings concerns. In the years between 1945 and 1963 the output of goods and services in the nation increased by 160 per cent.

ASSETS INCREASED

But the assets of the six main grew as follows: life insurance companies 198 per cent; mutual savings banks 172 per cent; savings and loan associations 973 per cent; corporate pension funds 1,233 per cent; state and local government pension funds 829 per cent; and mutual funds 1,687 per cent.

With all this money rolling in, the institutions have invested \$86.7 billion in corporate bonds, and some \$82.4 billion in common stocks listed on the exchange. This big demand, the

To The Editor of
The Gettysburg Times

Dear Mr. Roy:

After reading your paper of Friday the 10th, I see that your grown Cub Reporter felt free to dip his pen in a little more mud. In his front page article pertaining to the undersigned, he brings up words, slot machines. To my knowledge there is not one slot machine operated in the Commonwealth. As to pinball machines it is a known fact that many of our leading citizens partake in playing these games, not for monetary gain but for the recreation they afford.

It appears to me and many more whom I have talked to, if some one on the staff of The Gettysburg Times had the incentive and ability to go to our clubs in the county and get a little human interest story, as to how much our clubs have done for the community and town, I feel that they would be seen in a better light instead of each one being thought of as a gambling joint by a few of our citizens.

I thank you for printing this article.

Very truly yours,

Violators Of Penna. Liquor Code Often Remain Open

(When the state Liquor Control Board invokes a suspension order against a retail establishment, it doesn't necessarily mean the tavern will close its doors for the duration of the suspension. Many such cases are compromised by the payment of a cash penalty. Here's a report of the procedure.)

By JACK LYNCH
Associated Press Writer
HARRISBURG (AP)—A tavern, club or beer distributor convicted of violating the Pennsylvania liquor code has a better than even chance of staying open for business during a license suspension period.

Of the 1,772 licenses suspended last year only 557 were actually served, 32 per cent. In 1962, only 44 per cent of the suspensions were carried out, 625 of 1,441.

The majority of the licensees were permitted to keep their doors open by paying financial "compromises" in lieu of suspensions.

COMPROMISE FEATURE

The compromise feature was written into the liquor code in 1937, but the legislature journal fails to give a clue to the reasoning behind the provision.

The Liquor Control Board usually has interpreted the feature somewhat liberally.

Abraham Cohn, present chairman of the board, explains it this way:

"By enacting these sections of the code, the legislature made it crystal clear that it wished the board to accept a compromise in an appropriate case."

"It is therefore the board's duty to accept a compromise in certain cases and to refuse a compromise in others."

BOARD IS LENIENT

Cohn said there are no arbitrary guidelines, but he added that the board generally is lenient with first offenders, except in serious cases.

However, second and subsequent offenders also may compromise their suspensions if the violation is not of a serious nature. No figures were available on the number of second and subsequent offenses compromised.

The only restriction in the law is that suspensions of 100 days or more be served by cessation of business.

And, of course, there is no compromise for licenses revoked. The only appeal for revoked licenses is through the courts.

SCHEDULE OF PAYMENTS

The law fixes a schedule of compromise payments: \$10 for each day of suspension meted out to taverns, clubs, hotels and restaurants; \$20 a day for retail

beer distributors, and \$30 a day for importing distributors.

Because the compromise schedule is relatively low, most licensees find it clear to make the compromise offer rather than shut down. However, they are not required to make the offer.

The money eventually is turned over to the state treasury for general government operations.

"In exercising its discretion," Cohn said, "the board recognizes that money is not the same as time and considers all the facts and circumstances of the case as well as the prior record of the licensee before deciding whether to accept or refuse a compromise."

"Each one is carefully reviewed. It takes up a lot of our time."

World News

LONDON (AP)—Alfred Burchinsaw, a British tailor who worked at a U.S. Air Force base near Munich, has been arrested on suspicion of spying, the British Foreign Office says.

A spokesman said Friday night Burchinsaw was picked up by American detectives March 31 on suspicion of passing information to a Communist intelligence agency.

The spokesman said Burchinsaw has been held in a Munich prison while German police continue investigations. No trial date has been set.

MOSCOW (AP)—An irate picnicker heaved a vodka bottle at a low-flying crop-dusting plane, damaged its wing, forced the pilot to land and beat him up. Local Communist party officials blamed the pilot for the incident. The picnicker was a party big shot.

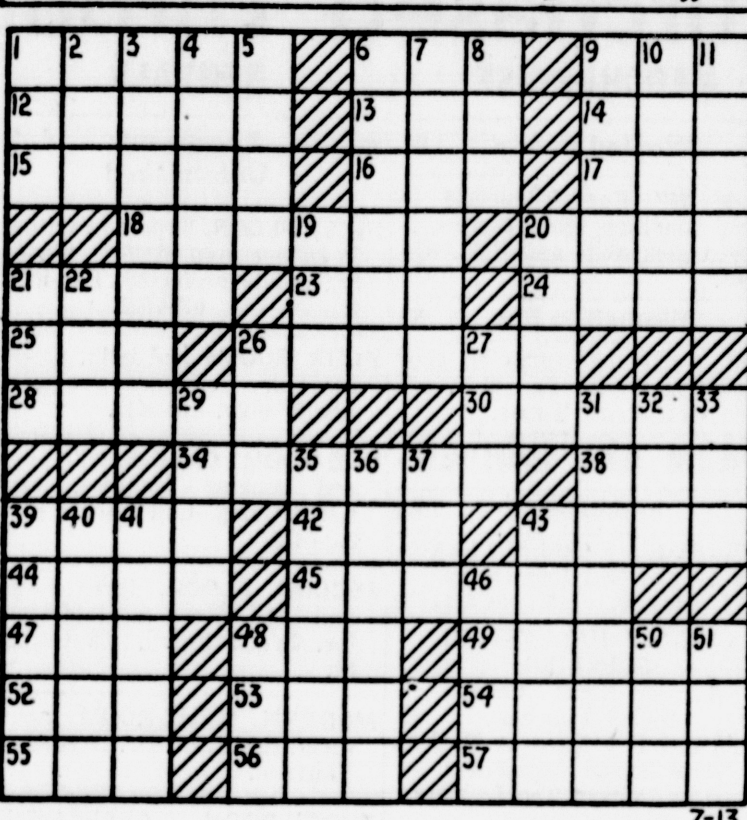

New Unit Will Aid Briquet Industry

WASHINGTON (AP)—The U. S. Department of Interior says Pennsylvania's hard-coal anthracite briquet industry could be partially recovered by new blast-furnace feeding machinery to be installed at the Anthracite Research Center in Schuylkill Haven, Pa.

The new equipment will harden briquets faster than was formerly possible, facilitating large scale testing and research for the industry at the Bureau of Mines' experimental blast-furnace in Bruceton, Pa. The unit will be set up at Anthracite Research before the end of the year.

You'd never forget where you left a car that looks this good.
You simply can't lose a looker like the Catalina, especially in a crowd. It's too distinctive Pontiac. So's its ride (Wide-Track smooth) and the way it moves (Trophy V-8 quick). Only thing you can forget is your notion about how much all this Pontiac should cost. You will, when you price a Catalina.

See your authorized Pontiac dealer for a wide choice of Wide-Tracks and good used cars, too.

PUT A TIGER IN YOUR TANK!
NEW POWER-FORMULA ESSO EXTRA GASOLINE BOOSTS POWER THREE WAYS:
1 Cleaning Power! Dirt can clog even a new carburetor in a few months of normal operation—causing hard starting and rough idling. Your very first tankful of New Esso Extra will start to clear away these deposits—in new engines or old—to improve power and mileage.
2 Firing Power! Spark plug and cylinder deposits can cause misfiring, pre-ignition and hot spots. New Esso Extra neutralizes these harmful deposits—to help your engine fire smoothly, to help preserve the power of new cars and restore lost power to many older cars.
3 Octane Power! New Esso Extra has the high octane that most cars now need for full smooth performance without knocking. You'll get all these extras with New Power-formula Esso Extra gasoline—it puts a tiger in your tank! Happy Motoring!
